A multi-dimensional and varied riding experience

Stormforce 20 is a new Thrill-Ride with a multi-dimensional and varied riding experience. This thrill-ride consists of two motorized gyroscopes attached to a reversed pendulum. By this pendulum movement can be driven simultaneously with one gondola and loaded with the other.

Kids/Family

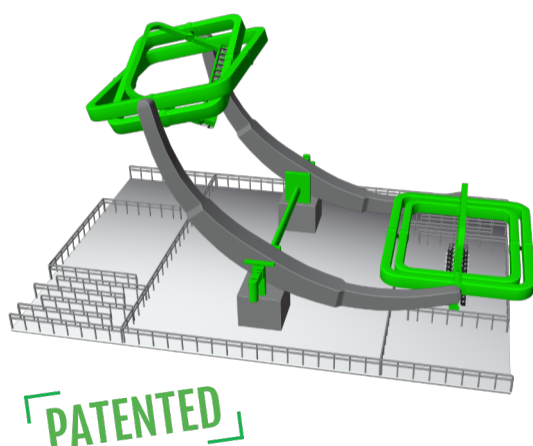

Thrillseekers

Interactive

- The 24 passengers, who sit back-to-back in two rows of 12 people (per gondola), experience 360 ° turns in all directions.
- Stormforce 20 is available as Park Version or as Travel Version.
