Canyon Slide Rapids

The ultimate rafting ride full of exciting features.

Combining our well known CANYON RAPIDS with concrete troughs for low sections and the CANYON SLIDE with steel troughs for higher sections, guarantees fun on all levels and for the entire family. The 8-seater boats are transported to the top by the help of an inclined elevator or even faster with the capacity increasing first vertical elevator with four platforms.

A very tall & steep down chute is responsible for the main attraction of the ride, the big water splash where
